PROFILE: I am a hard-working, reliable, and cooperative student studying construction management, seeking to earn a full-time entry-level position upon graduation. I am capable of reading and understanding contract documents and possess the social and organizational skills required to assist in the management of a construction project.

EDUCATION: The Pennsylvania State University University Park, PA (2003 – 2008)
B.A.E. – Bachelor of Architectural Engineering Current GPA: 3.28
(Construction Management Option) Expected Graduation: May 2008
Five year professional degree – ABET accredited
Successfully completed the Fundamentals of Engineering exam in October 2006

WORK EXPERIENCE:

The Whiting-Turner Contracting Company (*Intern*) Summer 2007

- Assisted with preconstruction activities on a hotel project in excess of \$30 million
- Performed a plan check on construction drawings and participated in several meetings with the owner and architect that resulted from the exercise
- Developed scopes of work
- Obtained and evaluated bid proposals for various construction trades
- Assisted in brainstorming of VE ideas and compiled lists of VE options distributed to bidders
- Assisted in preparing a preliminary budget on a prospective hotel project
- Assisted in the closeout of a hotel project near completion

Foreman Program and Construction Managers (*Intern*) Summer 2006

- Worked as the site manager on a 3 month re-roofing and renovation project on an elementary school
- Assisted the site manager on a 3 month re-roofing and renovation project on a high school
- Coordinated multiple prime contractors
- Participated in progress meetings and pre-installation meetings
- Drafted and executed punch lists
- Processed submittals
- Drafted and processed RFI's
- Composed daily reports
- Photographed and documented construction progress

Wees Concrete Inc. (*Manual Worker*) Summer 2005

- Formed and poured cast-in-place concrete
- Developed an understanding of a subcontractor's mentality

Norwin School District (*Maintenance Worker*) Summer 2004

- Gained knowledge of what is involved in the maintenance of a building
