EXPERIENCE

- Office of Physical Plant (OPP)** **November 2009 – July 2010**
- Worked on several projects as an assistant to the project manager with duties such as, but not limited to, meeting facilitation, making RFPs, reviewing proposals, meeting minutes, formal presentations and owner design review.
 - Extensive involvement with MACT (Maximum achievable control technology) standards as it pertains to boilers in area and major sources.
- Prime G. Co. Kuwait Ltd.** **July 2008- August 2008**
- Performed management tasks, managed two worksites with manager
 - Was in charge of some decisions on the worksite
 - Accompanied Project manager while preparing final bid for Government (Public Authority for Agriculture and Fish Resources)
- Prime G. Co. Kuwait Ltd.** **June 2006-August 2006**
- Compiled AutoCAD drawings for initial drafts
 - Supervised worksites and managed labor to meet deadline requirements
 - Accompanied main surveyors in leveling techniques used
- Kuwait Comtec Co. Ltd.** **July 2005-August 2005**
- Assistant supervisor, accompanied main supervisor on most work sites
 - Accompanied project manager for bid review and submittals
 - Reformed labor work, managing piping and irrigation equipment
- Kuwait Comtec Co. Ltd.** **June 2004-August 2004**
- Did labor work, put irrigation lines, valves in place, trenching, transport of water and simple operation of "Bobcat"

OTHER ACTIVITIES/AWARDS

- Duke of Edinburgh Award Silver Level and most of Gold Level, 2006¹**
- Expedition for Silver in Cyprus (Paphos)
 - Expedition for Gold in Italy (Florence/Rome)
- Duke of Edinburgh Award Bronze Level, 2004²**
- Expedition in Kuwait desert (Mutla'a Ridge)

1: Same as 2, except in mountainous terrain of Cyprus. The Italian venture consisted of an architectural exploration of the cities of Florence and Rome

2: Expedition in the desert, enduring sandstorms, not much technology, and teamwork (and leadership skills) to get through over 30km of walking and camping.
