

Draft Presentation Outline

- I. Introduction (10 screens – 4 slides)
 - a. General Building information
 - b. Structural System Summary

- II. Thesis Objective (6 screens – 2 slides)
 - a. Structural Depth
 - b. Architectural Breadth
 - c. CM Breadth

- III. Structural Depth (36 screens – 15 slides)
 - a. Floor System Comparison
 - b. Gravity System Design
 - c. ETABS Model
 - d. Lateral System Design
 - e. Foundation Check

- IV. CM Breadth (6 screens – 3 slides)
 - a. Cost Analysis
 - b. Construction Schedule

- V. Final Summary/Conclusions (4 screens – 2 slides)

3 screen presentation with 2 or 3 screens on each slide

Approximately 62 screens on 26 slides
