

Joseph Murray

Senior Thesis

9/10/12

Dr. Hannagan

Biographical Sketch

Joseph Murray is a 5th Year Structural Option in the Pennsylvania State University's Architectural Engineering Program. He passed the Fundamentals of Engineering examination in October 2011, and looks forward to receiving his E.I.T. certification upon graduation with a Bachelor of Architectural Engineering degree in June 2013. He hopes to pursue a career in the Structural Engineering field after graduation. He plans to take the Professional Engineering exam as soon as he is eligible to advance his career by receiving his P.E. licensure.

During the summer of 2012, Joseph received extensive experience with R.T. Consulting & Engineering in Bethlehem, PA. The internship consisted of Structural, Architectural, and Mechanical engineering for various clients.
