

SAMSUNG GLOBAL RECRUITMENT

About Samsung Electronics

Samsung Electronics is one of the world's premier Consumer Electronics/IT Companies, currently operating in 124 different countries around the globe. With total sales in 2009 reaching nearly US \$120 billion, Samsung Electronics is the #1 IT company in terms of revenue and one of the fastest growing global brands (#19 according to Interbrand, a market research company).

We produce a wide range of products that include cellular phones, LED TVs and monitors, digital household appliances, digital cameras, computers, and network devices as well as components like semiconductors and flat panel LCDs.

Our goal is to become the "most innovative company" and we need top talent from around the world to achieve this vision. Do you want to join us in this challenge?

Program Outline

We offer numerous opportunities for Engineering, Marketing, and Human Resources graduates. Around 3000 newly-graduated students join Samsung's HQ in Korea each year, to support our quest of excellence and our constant growth and expansion.

Start your international career in a leading technology company with international exposure.

☛ **Internship**

Depending on your degree and major, various internship periods are available!
(Full-time employment opportunities will be offered to interns upon good internship evaluation).

☛ **Full-time**

Apply directly to one of our numerous full-time opportunities!

Why should I apply?

☛ **A unique experience**

Experience South Korea, a country that blends a modern and fast-growing economy with ancient values and traditions.

☛ **Professional development**

An opportunity to add an international component to your resume working for a globally recognized brand

☛ **Competitive compensation**

Not limited to the salary itself, relocation assistance and housing support will be also offered to successful applicants.

Life in South Korea

Do you want to enjoy an exciting city with access to entertainment anytime of the day or night?

Do you want to be the first to experience new cutting-edge technologies?

Are you thrilled about learning from new cultural experiences?

Seoul is just for You!

As the central nerve of the tremendous Korean economic growth, Seoul has been designated as one of the best place to visit in 2010. In fact, Seoul hosts the G20 Summit in November 2010 and is selected as the World Design Capital 2010. You will be amazed by the natural beauty of the numerous parks and mountains that run through Seoul all the while feeling the pulse of an incredibly active urban center. In this harmony with nature comes the preservation and the active share of the cultural patrimony, transforming Seoul into the kind of amazing cultural hub that is hard to find anywhere else in the world.

Following the Korean fashion trends, discover one of the 25,000 malls opened 24-hours, lose yourself in one of the many neighborhoods uncovering ancient temples and impressive high-rises and then enjoy a variety of international cuisine sure leave you satisfied. With the most advanced IT infrastructures and the release of new cutting edge technologies every day, your lifestyle is sure to be exciting and your experience world-class.

There is no need to be stressed about living in a big city: the transportation system and public services makes Seoul one of the most convenient and safest city to live in.
