Nuclear Engineering Distance Program
Personal Tracking Sheet

A total of 30 credits (10 courses if they are all 3 credit courses) is required to complete the MEngr program.

A minimum of 18 credits of 500 level courses is required. That leaves 12 credits (4 courses) of 400 level courses that you may take. Be careful about what 400 level courses are needed as prerequisites for other courses.

400 Level Courses	500 Level Courses 18 credits = minimum of six (3 credit courses) required
