

COURSE PROPOSAL CURRICULAR REVIEW PROCESS

(All COURSE proposals are submitted through CSCS)

College of Engineering -- Office of Academic Programs

Course Submission and Consultation System (CSCS) Flow Chart

FACULTY MEMBER and/or designated STAFF ASSISTANT
creates and completes course proposal

Appropriate consultation is sought: Required consultation must be requested from those individuals whose approval is deemed mandatory by departments, disciplinary communities, curriculum committee chairs, and review committees. For courses that may be offered at other Penn State campuses, the DAA and faculty who teach the course must be consulted.

Note: College-level consultation groups have been created in CSCS. Do not automatically send proposals to everyone on these lists. They should only be used by the departments as a reference tool to create their own consultation groups.

After ALL required consultation is completed, submit proposal to the College Proposal Administrator

Office of Academic Programs
(if needed, Associate Dean requests ACUE consultation)

UNDERGRADUATE PROPOSALS
COLLEGE PROPOSAL ADMINISTRATOR prepares proposals for committee meeting
