Draft Presentation Outline

I. Introduction (10 screens – 4 slides)
   a. General Building information
   b. Structural System Summary

II. Thesis Objective (6 screens – 2 slides)
   a. Structural Depth
   b. Architectural Breadth
   c. CM Breadth

III. Structural Depth (36 screens – 15 slides)
   a. Floor System Comparison
   b. Gravity System Design
   c. ETABS Model
   d. Lateral System Design
   e. Foundation Check

IV. CM Breadth (6 screens – 3 slides)
   a. Cost Analysis
   b. Construction Schedule

V. Final Summary/Conclusions (4 screens – 2 slides)

3 screen presentation with 2 or 3 screens on each slide

Approximately 62 screens on 26 slides
