Objective: To obtain a position in an architectural / structural engineering firm where I can use my structural engineering education as well as integrate my construction background as a beneficial asset to the company.

Experience:

Journeyman Carpenter / Project Superintendent – Rectenwald Brothers Construction Co.
July 1999 – December 2003

- Contacted and arranged all subcontractors work schedules
- Filed daily reports of all trade activities on site and held weekly safety meetings
- Managed successfully 2-5 commercial jobs per year ranging from \$50,000.00 - \$5,000,000.00.
- Supervised and aided all construction trades on site in the successful completion of commercial and retail development stores across the east coast from New York to Washington, D.C. and Toronto, Canada.
- Performed carpentry duties including jobsite layout, rough framing, drywall and finish detail work.

Self-employed contractor- Rotunno Construction Company

January 1990 – July 1999

- Participated as a member of the Mercer County Builders Association Board of Directors
- Engaged in various residential construction projects including all aspects of home remodeling and new home construction, ranging from \$1000.00 - \$250,000.00.
- Created and developed job estimates and controlled the ordering of all materials.
- Assisted all customers throughout the construction process from the initial design and planning to final completion.

Construction Forman: Harvey J. Byler Construction Co.

August 1987- January 1990

- Responsible for the layout and placing of house footers, all framing, roofing, siding, window and door installation. With an average crew of 3-6 carpenters.

Education: The Pennsylvania State University, Architectural Engineering, BAE/MAE, structural option
Current GPA: 3.62/4.00, Graduation in May 2010.

Member of: Tau Beta Pi Engineering Honor Society

Gamma Beta Phi Honor Society

Penn State Shenango Lion Ambassadors

Expertise: Twenty years of hands on experience in the construction industry including both commercial and residential construction. A background in business administration, good communication skills, and a variety of sales experience including negotiating with business owners.
