General Building Data						
Location	Rt 715 & Railroad Drive Pocono Township, Monroe County, PA					
Occupant	Northampton Community College					
Function	Gymnasium, Fitness Center, Cafeteria, Conference Rooms					
Size	68,000 SF					
Number of Stories	One Story with Basement					
Dates of Construction	January 2012- January 2014					
Project Delivery Method	Design-Bid-Build					
Cost	\$18 Million					
LEED certification	Silver

Problem Statement:

Braced walls interfere with building expansion and curtain walls.

Research Goal: Resize columns to withstand load, and compare costs of each alternative.

FIRST FLOOR DESIGN CRITERIA

NFPA 13 (2007) - Light Hazard

Sprinkler discharge density: .10 gpm/sq. ft.

Area of application: 1500 sq. ft.

Outside hose allowance: 100 GPM

Maximum Sprinkler Coverage: 225 sq. ft.

NFPA 13 (2007) - Ordinary Hazard Group 1

Sprinkler discharge density: .15 gpm/sq. ft.

Area of application: 1500 sq. ft.

Outside hose allowance: 250 GPM

Maximum Sprinkler Coverage: 130 sq. ft.

NFPA 13 (2007) - Ordinary Hazard Group 2

Sprinkler discharge density: .20 gpm/sq. ft.

Area of application: 1500 sq. ft.

Outside hose allowance: 250 GPM

Maximum Sprinkler Coverage: 130 sq. ft.

SECOND FLOOR DESIGN CRITERIA

NFPA 13 (2007) - Light Hazard

Sprinkler discharge density: .10 gpm/sq. ft.

Area of application: 1500 sq. ft.

Outside hose allowance: 100 GPM

Maximum Sprinkler Coverage: 225 sq. ft.

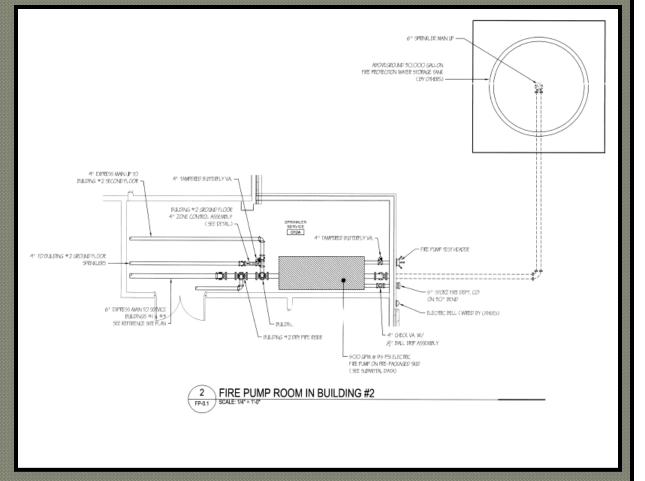

NFPA 13 (2007) - Ordinary Hazard Group 1

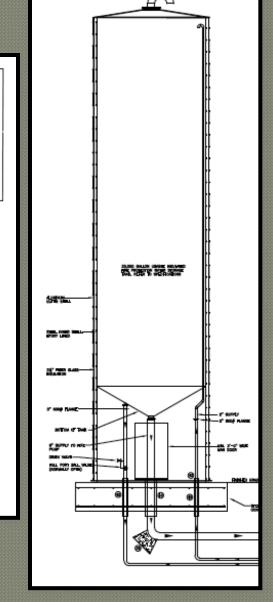

Sprinkler discharge density: .15 gpm/sq. ft.

Area of application: 1500 sq. ft.

Outside hose allowance: 250 GPM

Maximum Sprinkler Coverage: 130 sq. ft.

Thank You

I'd like to thank everyone involved with my Thesis project;

- Team members at D'Huy Engineering, most especially Jim Hana and Joseph Herman. Thank you for taking the time to walk me through the site every chance you got, and thank you for your availability.
- Rob Leicht, thank you for always steering me in the right direction.
- Northampton Community College for allowing me to use their project
- All participants in the industry survey
- My structural option friends that helped with my structural systems
- My sisters for helping me concentrate and keeping me focused
- My family for always encouraging me.

Thank You
