Progress Report Spring #4
 February 16, 2004

Follow-Up on Previous Issues:

Concern	Crash of website
Resolution	I have begun collecting all of my lost information to place in my new website
Concern	
Resolution	

Assigned Work

Assignment	Due Date	Completed	Comments
Redo Website	April		
Thesis	April		I have scrapped doing a RAM model, and instead have decided to design all of the members by hand. I have also decided that I need to redesign my footings so I have begun work on this
Reference Page	Feb 9		I have my references ready but due to website crash I can't post it yet.

Information Flow:

Consultations: I talked to Dr. Geschwinder about the steel which will be used in my building.
