

Draft Presentation Outline

I. Introduction (3-5 slides)

- A. Myself
- B. University Medical Center at Princeton
 - 1. Summary of building systems

II. Overall Objective (3-5 slides)

- A. Proposal Goals
 - 1. Foundation redesign
 - 2. Floor vibration performance
- B. Proposed Solution

III. Redesign Considerations (1-2 slides)

- A. Structural
- B. Architectural
- C. Construction

IV. Structural Depth (12-15 slides)

- A. Initial Assumptions
- B. Implementation of computer model
- C. Design Process
- D. Results/Conclusions

V. Architectural Breadth (4-6 slides)

- A. Analysis of concrete-façade interaction
- B. Comparison to original design

VI. CM Breadth (4-6 slides)

- A. Redeveloped schedule
- B. Comparison of cost

VII. Conclusions/Acknowledgements (2 slides)

Approx. 35-40 slides on two screens
