

presentation outline

| | | |
|------|--|---------------|
| I. | Introduction | |
| | a. Myself | 1 |
| | b. Building stats..... | 1 |
| | c. Project team..... | 1 |
| II. | Proposal | |
| | a. Introduce scenario | 1 |
| | b. Depth & breadth studies..... | 3 |
| III. | Depth – structural redesign | |
| | a. RAM model | 2 |
| | b. Plastic analysis | 2 |
| | c. Lateral system redesign | 2 |
| | d. Advantages/disadvantages | 2 |
| IV. | Breadth – mechanical | |
| | a. IBC height requirement..... | 1 |
| | b. Duct layout plans | 2 |
| V. | Breadth – architectural | |
| | a. Materials used | 1 |
| | b. Façade redesign | 1 |
| | c. Thermal envelope | 1 |
| VI. | Conclusion | |
| | a. Reexamine scenario goals and comment on them..... | 4 |
| | b. Acknowledgements | 1 |
| | c. Comments/question | 1 |
| VII. | Appendix | |
| | a. Backup images/calcs | [as required] |

Estimated # of slides: 27 + appendix
