

## Table of Contents

Abstract.....	i
Executive Summary.....	ii
Acknowledgements.....	iii
Table of Contents.....	1
Project Overview.....	5
Client Information	
Project Description	
Building Systems	
Project Cost	
Existing Conditions	
Project Schedule	
LEED	
Analysis 1: Infinity Structural System Investigation.....	19
Problem Identification	
Potential Solutions	
Investigation	
Recommendation	
Structural Breadth: Integrity post Changes.....	27
Problem Identification	

Investigation	
Recommendation	
Analysis 2: Grey Water System Investigation.....	32
Problem Identification	
Potential Solutions	
Investigation	
Recommendation	
Analysis 3: Photovoltaic Cell Investigation.....	40
Problem Identification	
Potential Solutions	
Investigation	
Recommendation	
Architectural Breadth: Increasing Window Area.....	46
Problem Identification	
Investigation	
Recommendation	
Analysis 4: Building Transfer Research.....	51
Problem Identification	
Potential Solutions	
Investigation	

Recommendation	
Final Recommendations and Conclusions.....	58
Appendix A: References.....	59
Appendix B: Project Overview.....	60
Site Layout	
Project Schedule	
LEED Credits	
Other	
Appendix C: Infinity Structural System.....	67
Assumptions	
Calculations	
Graphs	
Other	
Appendix D: Structural Breadth.....	71
Assumptions	
Calculations	
Graphs	
Appendix E: Grey Water.....	73
Assumptions	
Calculations	

Graphs	
Other	
Appendix F: Photovoltaic Window System.....	84
Assumptions	
Calculations	
Graphs	
Other	
Appendix G: Architectural Breadth.....	88
Assumptions	
Calculations	
Plans	
Other	
Appendix H: Building Information Transfer.....	94
Survey
